

FICTION REVIEWS

Appreciation of works of fiction is very much a personal thing, no two people will have exactly the same opinion about any book. Reviews can be helpful in selecting your reading, or perhaps may be useful in providing another perspective or viewpoint on something you have already read.

Remember though, reading a review can not possibly replace, nor compare to the experience of reading the original work.

The Source: An Australian produced guide to young adult and children's fiction, poetry and short stories with an emphasis on Australian works. The College pays a subscription for the St Michael's community to have access to this excellent resource. No password required if accessed from St. Michael's – off campus: **username:** stmic **password:** stmic

ReadPlus contains over 13,000 titles of books and films arranged under themes. It also contains links to author sites, reviews and teacher materials. South Australian Public Libraries Links to authoritative sites on literature, reading guides, reviews and criticism.

Inside a dog Australian and international books for teenagers. There is an online writer-in-residence and visitors to the site can ask questions and follow the writers work. Quizzes, news, first chapters of new and forthcoming books are also included.

Visitors can write their own review, by following a series of prompts.

Persnickety Snark Australian site dedicated to young adult fiction. Includes reviews, interviews & blogs.

Commonsense Media An American organisation, over 12,000 reviews, (mainly American publications). Includes a useful rating system.

Teenreads An American site, but does have some Australian content in reviews and author information.

Bookreview.com Use the advanced search to locate reviews for particular titles.

Amazon Bookshop This United States based, online shop links book titles to published reviews. Readers are also encouraged to post their own reviews. Be careful using reviews from this site since they are often not from an authoritative source and may be unreliable.
